

GROW WITH US: EARLY CHILDHOOD DANCE AGES 2-7

The GROW WITH US! program at All That Jazz Dance Studio is a set of age-based classes designed to help young movers discover the joy of dance as a creative outlet. As dancers grow in age, they also grow their knowledge and skill in preparation for single-style classes in our EXPLORE WITH US! school-age dance program, beginning at age 7 and above

Along the way, students will develop their own personal style of movement and learn to tell stories and express emotion through dance. With them every step of the way is our incredible faculty and our GROW WITH US! mascot, Jazzy the Giraffe.

The program culminates with our Shining Stars Ballet/Tap class for 5-7 year olds. These young dancers will always remember the life skills they learn over the four years of GROW WITH US! including confidence, sharing, pride, teamwork, respect, inclusivity and kindness.

GROW WITH US: CLASS DESCRIPTIONS

TWIRLING TYKES (AGES 2-3)

Creative Movement

Our youngest dancers explore movement, music, and spatial awareness while also learning the fundamentals of ballet and tumbling. These toddler dance classes are set to lively age-appropriate music and are a perfect introduction to dance class.

TURNING TOTS (AGES 3-4)

Ballet, Tap, and Tumbling

Our older toddlers use age-appropriate props and play dance games as they continue to expand their movement vocabulary. As these dancers learn more of the technique of ballet, rudimentary tap and tumbling skills, they still have fun creatively expressing themselves. Our primary goal for these budding dancers is for them to discover that dance class is filled with joy, laughter and fun!

MINI MOVERS (AGES 4-5)

Ballet and Tap

Preschool children learn basic tap while adding to their repertoire of ballet technique. Dancers will begin to be introduced to ballet barre exercises while increasing their coordination skills, rhythm, and basic terminology. Games, props, and age-appropriate music make this special dance class nonstop fun!

SHINING STARS (AGES 5-7)

Ballet and Tap

Young grade-school children refine their musicality, grace, and rhythm in this fun and fast-paced ballet/tap class. Shining Stars dancers are also encouraged to take additional age-appropriate classes, such as hip hop, jazz/tap and even lyrical.

FAIRYTALE DANCE (AGES 4-6)

Ballet, Tap, and Make-Believe!

Fairytale Dance is a magical class that combines ballet and tap with a healthy dose of make-believe! Every class is based on favorite fairy tales and stories throughout the year, including dress-up days, magic wands, crowns, and lots more! This class is for all little ones who love royal characters and magic kingdoms, and have a vivid imagination!

EXPLORE WITH US (ELEMENTARY SCHOOL)

Designed for elementary school students to further their exploration of and love for dance. Students discover how and why they like to move while mastering foundational skills and vocabulary in tap, ballet, jazz, lyrical, and hip-hop. Students are strongly encouraged to take at least two classes in different styles.

As these students approach middle school, they have the opportunity to meet with Miss Deb to discuss different paths their dance journey might take. Whether they want to pursue dance as a career, enhance their love for musical theater and performance, build endurance and coordination as an athlete, or just join us each week because they love it, we're here to help them grow with confidence that shines in and out of the studio.
